NOTE 1.

The company commander will here add a statement of all the facts known to him concerning the disease or wound, or cause of disability of the soldier; the time, place, manner, and all the circumstances under which the injury occurred, or disease originated or appeared; the duty, or service, or situation of the soldier at the time the injury was received or disease contracted, stating particularly whether the injury was received or the disease contracted in the line of his duty; and whatever other facts may aid a judgment as to the cause, immediate or remote, of the disability, and the circumstances attending it.

When the facts are not known to the company commander, the certificate of any officer, or affidavit of other person having such knowledge, will be appended—as the surgeon in charge of a hospital, the officer commanding a detachment of recruits, &c., &c.

NOTE 2.

When a probable case for pension, special care must be taken to state the degree of disability—as *l. b.*, &c., &c.; to describe particularly the disability, wound, or disease; the extent to which it deprives him of the use of any limb or faculty, or affects his health, strength, activity, constitution, or capacity to labor or earn his subsistence. The surgeon will add, from his knowledge of the facts and circumstances, and from the evidence in the case, his professional opinion of the cause or origin of the disability. In the case of discharges by Medical Inspectors, the last paragraph will state that the "discharge was given by consent of the soldier, after a personal examination, and for disability, the nature, degree, and origin of which are correctly described in the within certificate."

Par. 1260 Regulations, Edit. 1861.

Medical officers, in giving certificates of disability, are to take particular care in all cases that have not been under their charge; and especially in epilepsy, convulsions, chronic rheumatism, derangement of the urinary organs, ophthalmia, ulcers, or any obscure disease liable to be feigned or purposely produced; and in no case shall such certificate be given until after sufficient time and examination to detect any attempt at deception.

DIRECTIONS.

This certificate will be made out in duplicate by the soldier's company commander, or other officer commanding the separate detachment to which he belongs and sent by him to the surgeon who has charge of the hospital where the soldier is sick. The surgeon will then fill out and sign the surgeon's certificate, and forward these papers to the regimental, detachment, or post commander, who will forward them, with his action endorsed thereon, through the proper channel, to his division commander; or, if the troops are not attached to a division, to his corps, department, or other commander or officer to whom the authority to discharge enlisted men may be specially delegated.

These certificates, after having received the action of the highest authority to which they are required to be sent, will be returned through the same channel to the regimental, post, or detachment commander, who will, if the discharge is authorized by the endorsement of the proper authority, sign the soldier's discharge, and the last certificate on this paper; see that the soldier is furnished with the proper final statements in duplicate, and forward both of these certificates direct to the Adjutant General United States Army, at Washington, D. C.; they will not under any circumstances be given into the hands of the soldier.

Statement of Ch. Kuecalp,
with reference to case of
Emile Boland

Enter as above

I am, Sir, Michael of Castle, Nicholas County, Ky, late
Colonel commanding Seventh Regiment Kentucky Cavalry,
do make this statement. That Enock Butler, a citizen
of Nicholas County, Ky, now in hospital at Lexington, Ky,
under accusation of being a deserter from the Seventh
Regiment, Kentucky Cavalry, was never either enlisted or
mustered into service in said Regiment; the Company in which he enlisted
having been ordered by the mustering officers; that he never received
either pay or bounty from the United States, that the only duty done by him
but to appear now at the office of Dr. J. W. Richmond, Ky, and that
his services were then voluntarily tendered and so understood by the officers
and men of the Regiment - that his name has never been placed on any
muster roll and that he never, by any act or engagement or in
any other way, bound himself to military service in the Regiment,
nor was he ever supposed by its officers to have done so.

Case of—Major Bradley.

HEAD-QUARTERS DEPARTMENT OF THE CUMBERLAND,
Chattanooga, Tenn., July 22, 1864.

GENERAL ORDER,

No. 101.

Before a General Court Martial which convened at Chattanooga, Tenn., pursuant to Special Field Order, No. 115, Head-Quarters Department of the Cumberland, dated Chattanooga, Tenn., April, 25, 1864, and of which Lieut. Colonel M. Moore, 11th Michigan Vol. Infantry, is President, was arraigned and tried:

Major William W. Bradley, 7th Kentucky Cavalry.

SPECIFICATION: "In this, that he William W. Bradley, Major 7th Kentucky Volunteer Cavalry, U. S. A., did unlawfully, and with premeditated malice, discharge a loaded pistol at Lieut. Colonel Thomas T. Vincent, 7th Kentucky Volunteer Cavalry, thereby inflicting two wounds, which caused the death of the said Lieut. Colonel Vincent. This while on the march from Moway Creek, Tenn., to Dandridge, Tenn., on or about the 14th day of January, 1864."

To which charge and specification the accused, Major William W. Bradley, 7th Kentucky Cavalry, pleaded as follows:

To the specification, *Guilty*, excepting the words, "unlawfully and with premeditated malice."

To the charge, *Not Guilty*.

PROCEEDINGS:

The Court, after having maturely considered the evidence adduced, finds the accused, Major William W. Bradley, 7th Kentucky Cavalry, as follows:

(Of the specification, *Guilty*, as alleged, except the words, "with premeditated malice.")

(Of the charge, *Not Guilty*, and do find a case of justifiable homicide, and do therefore, *honorably acquit* the accused.)

The proceedings and findings of the General Court Martial in the case of Major William W. Bradley, 7th Kentucky Volunteer Cavalry, are confirmed, but the action of the Court in honorably acquitting him is not approved by the Major General Commanding the Department. The Army Regulations provide ample means for the settlement of personal difficulties before the proper military tribunals, and to justify the violent measures taken by Major Bradley, even upon great provocation, affords a precedent utterly subversive of discipline and fatal to good order in the army.

Major Bradley is hereby relieved from arrest, and will be restored to duty with his regiment.

By COMMAND OF MAJOR GENERAL TOSCAN:

WM. D. WHIPPLE,

Assistant Adjutant General.

Louisville, Ky. Nov. 4th. 1863.

Assistant Adjutant General
Dept. of Cumberland

For
On the 1st day of November 1863 at
Nashville, Tenn. Special Field orders
"Extract." No 244 from Hd Qrs Lgt of
Cumberland dated Sept. 9. 1863 section IV,
was received by the Commanding Officer
7th Ky Cavalry. In obedience to that
order the officers therein detailed
to proceed to Kentucky on special
recruiting service. started for Ky.
Arriving in Louisville Ky they reported to
the General Superintendent of Recruiting for
the State, Maj. Sidel - for instructions.
He immediately ordered that we be
relieved from such recruiting service
and report back to our Regiment,
the 7th Ky Cavalry, stationed at Nashville
Tenn. We immediately reported this
fact to Gen. Boyle, and made application
to him for permission to remain in the
State until we made application
to Hd Qrs. Lgt of Cumberland to be
allowed to remain in Kentucky Twenty
days for the purpose of gathering in
absentees from our Regiment of whom

There are nearly 400 in the State.
Now satisfactory evidence that such was
the case, and that the Officers
detached from our Regt. by the Order
heretofore mentioned, could in all
probability gather in many of these
absentees, to swell their decimated ranks.
Our Regt. granted us permission to
remain here for ten days to hear
from the application now made to
you; Having been ordered here by
Capt. H. C. to recruit - the order
being unsound, and not receiving it
until Apr 1. 63. Having reported here
to the Superintendent of Recruiting for
the state, Having been by him
refused an opportunity of recruiting
men for our Regiment, which we can
do quite fast if allowed and there
being nearly 400 absentees from the
Regiment, and actual members of it.
Many of whom we purposed to bring
with us, which would do more good
to the Regiment and be of more benefit to
the service, than remaining with the
Regiment. There being a sufficient
number of Officers now with the
Regiment, our services not being

especially needed at this time with our
Command, and feeling fully assured
that we can bring many men back
to the Regiment; We do hereby
make application to you for
Twenty or Thirty days leave to remain
in Kentucky and gather up members
of our Regiment. The application upon
which special Field Order No 244 Extra
S.V. was granted before the cause
and reasons of so many absentees from
our Regiment and the circumstances under
which they left. Our Regt. has not had
a single individual recruiting for it
or adding to fill its ranks since in
Tennessee. While other Regts have.
Therefore trusting that you will grant
this Earnest request.

I have the honor to be
Very Respectfully,
Your Obedient Servant

I have the honor to request leave of absence for twenty days for the following reasons; The present condition of my financial affairs at home requires my personal attention which if longer neglected will inevitably result in great pecuniary loss besides giving my family much trouble and inconvenience. My Regiment beyond a doubt will remain here a while as a part of this Garrison (Nashville) and two field officers will remain with the Regt. The state of my health at this time renders me unable for duty and perhaps will not be able for some time. In accompanying Surgeons Certificate, This being the first time I have applied for a favor of this kind, and now under urgent necessity after having served fifteen months with the Regiment I feel assured that the above Request will be granted.

My Post office address during my absence will be Perrys Station Ky.

TREATMENT.

[HERE NOTE IMPORTANT COMPLICATIONS AND ALL OPERATIONS.]

RESULT AND DATE.

Only April 21/88.

NOTE 1.

The company commander will here add a statement of all the facts known to him concerning the disease or wound, or cause of disability of the soldier; the time, place, manner, and all the circumstances under which the injury occurred, or disease originated or appeared; the duty, or service, or situation of the soldier at the time the injury was received or disease contracted, stating particularly whether the injury was received or the disease contracted in the line of his duty, and whatever other facts may aid a judgment as to the cause, immediate or remote, of the disability, and the circumstances attending it.

When the facts are not known to the company commander, the certificate of any officer, or affidavit of other person having such knowledge, will be appended—as the surgeon in charge of a hospital, the officer commanding a detachment of recruits, &c., &c.

NOTE 2.

When a *probable case for pension*, special care must be taken to state the *degree of disability*—as *1, 2, &c.*; to describe particularly the disability, wound, or disease; the extent of which it deprives him of the use of any limb or faculty, or affects his health, strength, activity, constitution, or capacity to labor or earn his subsistence. The surgeon will add, from his knowledge of the facts and circumstances, and from the evidence in the case, his professional opinion of the cause or origin of the disability. In the case of discharges by Medical Inspectors, the last paragraph will state that the "discharge was given by consent of the soldier, after a personal examination, and for disability, the nature, degree, and origin of which are correctly described in the within certificate."

Par. 1200 Regulations, Edt. 1861.

Medical officers, in giving certificates of disability, are to take particular care in all cases that have not been under their charge; and especially in epilepsy, convulsions, chronic rheumatism, derangement of the urinary organs, ophthalmia, ulcers, or any obscure disease liable to be feigned or purposely produced; and in no case shall such certificate be given until after sufficient time and examination to detect any attempt at deception.

DIRECTIONS.

This certificate will be made out in duplicate by the soldier's company commander, or other officer commanding the separate detachment to which he belongs, and sent by him to the surgeon who has charge of the hospital where the soldier is held. The surgeon will then fill out and sign the surgeon's certificate, and forward these papers to the regimental, detachment, or post commander, who will forward them, with his action endorsed thereon, through the proper channel, to his division commander, or, if the troops are not attached to a division, to his corps, department, or other commander or officer to whom the authority to discharge enlisted men may be specially delegated.

These certificates, after having received the action of the highest authority to which they are required to be sent, will be returned through the same channel to the regimental, post, or detachment commander, who will, if the discharge is authorized by the endorsement of the proper authority, sign the soldier's discharge, and the last certificate on this paper; see that the soldier is furnished with the proper final statements in duplicate, and forward BOTH of these certificates direct to the Adjutant General United States Army, at Washington, D. C., they will not, under any circumstances, be given into the hands of the soldier.

NOTE 1.—The blank will be used for both enlistments and reenlistments of veterans, &c., &c., in the volunteer service. They will be made out in duplicate in all cases—one to accompany the recruiting return of the recruiting officer (not the recruiting officer) to the Adjutant General, and one to accompany the accounts of the officer who pays bounty, &c. The Regiment and Company in which the soldier last served should be given on the back.

The recruiting officer, commissary, or assistant commissary of recruits, as the case may be, will communicate both enlistments on having mustered the soldier into the service of the United States before either of them is given to the recruiting officer.

NOTE 1.—This blank will be used for both enlistments and re-enlistments—enlistment of veteran, etc., etc., in the volunteer service. They will be made out in duplicate in all cases—one to accompany the recruiting return of the recruiting officer (not the recruiting officer) to the Adjutant General, and one to accompany the accounts of the officer who pays bounty, etc. The Regiment and Company in which the soldier last served should be given on the back.

NOTE 2.—An enlistment holds to service. A recruit-in must, in all cases, precede payment of pay, bounty, pension, etc. A recruit-in will not, in all cases, be tied to the Adjutant General's Office as evidence of muster-in. The recruiting officer, commissary, or assistant commissary of muster, in the case may be, will countersign both enlistments as having entered the soldier into the service of the United States before either of them is given to the disbursing officer.

NOTE 1.
The company commander will take a statement of all the facts known to him concerning the disease or wound, or cause of disability of the soldier; the time, place, manner, and all the circumstances under which the injury occurred, or disease originated or appeared; the duty, or service, or situation of the soldier at the time the injury was received or disease contracted, stating particularly whether the injury was received or the disease contracted in the line of his duty; and whatever other facts may aid a judgment as to the cause, immediate or remote, of the disability, and the circumstances attending it.

When the facts are not known to the company commander, the certificate of any officer, or affidavit of other person having such knowledge, will be appended—as the surgeon in charge of a hospital, the officer commanding a detachment of recruits, &c., &c.

NOTE 2.

When a probable case for pension, special care must be taken to state the degree of disability—as *l. b. &c.*, &c.; to describe particularly the disability, wound, or disease; the extent to which it deprives him of the use of any limb or faculty, or affects his health, strength, activity, constitution, or capacity to labor or earn his subsistence. The surgeon will add, from his knowledge of the facts and circumstances, and from the evidence in the case, his professional opinion of the cause or origin of the disability. In the case of discharges by Medical Inspectors, the last paragraph will state that the "discharge was given by consent of the soldier, after a personal examination, and for disability, the nature, degree, and origin of which are correctly described in the within certificate."

Par. 1360 Regulations, Edn. 1861.

Medical officers, in giving certificates of disability, are to take particular care in all cases that have not been under their charge; and especially in epilepsy, convulsions, chronic rheumatism, derangement of the urinary organs, ophthalmia, ulcers, or any obscure disease liable to be feigned or purposely produced; and in no case shall such certificate be given until after sufficient time and examination to detect any attempt at deception.

INSTRUCTIONS.

This certificate will be made out in duplicate by the soldier's company commander, or other officer commanding the separate detachment to which he belongs and sent by him to the surgeon who has charge of the hospital where the soldier is sick. The surgeon will then fill out and sign the surgeon's certificate, and forward these papers to the regimental, detachment, or post commander, who will forward them, with his action endorsed thereon, through the proper channel, to his division commander; or, if the troops are not attached to a division, to his corps, department, or other commander or officer to whom the authority to discharge enlisted men may be specially delegated.

These certificates, after having received the action of the highest authority to which they are required to be sent, will be returned through the same channel to the regimental, post, or detachment commander, who will, if the discharge is authorized by the endorsement of the proper authority, sign the soldier's discharge, and the last certificate on this paper; see that the soldier is furnished with the proper final statements in duplicate, and forward BOTH of these certificates direct to the Adjutant General United States Army, at Washington, D. C.; they will not under any circumstances be given into the hands of the soldier.

NOTE 1.—This blank will be used for both enlistments and re-enlistments—enlistment of veterans, etc., etc., in the volunteer service. They will be made out in duplicate in all cases—one to accompany the recruiting agent of the recruiting agent (not the recruiting agent) to the Adjutant General, and one to accompany the accounts of the officer who pays bounty, etc. The Regiment and Company in which the soldier last served should be given on the back.

NOTE 2.—An enlistment holds no value. A soldier-in-army, in all cases, receives payment of pay, bounty, pension, etc. A master-in-rell must, in all cases, be filed in the Adjutant General's Office as evidence of master. The recruiting agent, or assistant commissary of masters, as the case may be, will counter-sign both enlistments as having mustered the soldier into the service of the United States before either of them is given to the recruiting agent.

ARTICLES OF WAR.

ART. 23. When any non-commissioned officer or soldier shall die, or be killed in the service of the United States, the then commanding officer of the troop or company shall, in the presence of two other commissioned officers, take an account of what effects he died possessed of, armor, arms and accoutrements, and transmit the same to the office of the Department of War, which said effects are to be accounted for, and paid to the representatives of such deceased non-commissioned officer or soldier. And in case any of the officers, so authorized to take care of the effects of deceased officers and soldiers, should, before they have accounted to their representatives for the same, have occasion to leave the regiment or post, by pretermort or otherwise, they shall, before they be permitted to quit the same, deposit in the hands of the commanding officer, or of the assistant military agent, all the effects of such deceased non-commissioned officers and soldiers, in order that the same may be accounted for, and paid to, their respective representatives.

ARMY REGULATIONS—EDITION OF 1881.

DECEASED SOLDIERS.

Par. 152. Inventories of the effects of deceased non-commissioned officers and soldiers, required by the 23rd Article of War, will be forwarded to the Adjutant General, by the commanding officer of the company to which the deceased belonged, and a duplicate of the same to the nearest of the regiment. Final statements of pay, clothing, &c., will be sent with the inventories. When a soldier dies at a post or station about 1000 miles from his company, it will be the duty of his immediate commander to furnish the required inventory, and, at the same time, to forward to the commanding officer of the company to which the soldier belonged, a report of his death, specifying the date, place, and cause, to what time he was last paid, and the money or other effects in his possession at the time of his death, which report will be noted on the next muster roll of the company to which the man belonged. Each inventory will be endorsed, "Inventory of the effects of _____, late of company _____, regiment of _____, who died at _____, the _____ day of _____, 1881." If a legal representative receive the effects, it will be stated in the report. If the soldier leave no effects, the fact will be reported.

Par. 153. Should the effects of a deceased non-commissioned officer or soldier not be administered upon within a short period after his death, they shall be disposed of by a Council of Administration, under the authority of the commanding officer of the post, and the proceeds deposited with the Paymaster, to the credit of the United States, until they shall be claimed by the legal representatives of the deceased.

Par. 154. In all such cases of sale by the Council of Administration, a statement in detail, or account of the proceeds, duly certified by the Council and commanding officer, accompanied by the Paymaster's receipt for the proceeds, will be forwarded by the commanding officer to the Adjutant General. The statement will be endorsed, "Report of the proceeds of the effects of _____, late of company _____, regiment of _____, who died at _____, the _____ day of _____, 1881."

NOTE 1.—The effects in all cases, when called for, should be turned over to the legal representative, without further authority from the Adjutant General. When the effects are turned over to the relatives of the deceased before these inventories are sent to the Adjutant General, their receipts therefor should be attached to the inventories. In all other cases, one copy will be sent with a letter of transmittal direct to the Adjutant General, and a duplicate retained by the officer.

NOTE 2.—Particular care should be taken to take receipts in duplicate from the Paymaster for any funds turned over to him, one copy should be sent direct to the Adjutant General and one retained by the officer.

1864 FINAL STATEMENT

Reg't of Kentucky Cavalry

VOLUNTEERS.

Died May 22, 1864.

NOTE 1.—Two of these certificates (or duplicates) are to be given to each Volunteer Soldier or drafted man who may be discharged previously to the discharge of his company, that he may at once receive from the Paymaster the pay due him and the captain or other commissioned officer commanding the company will certify to the act of the delivery of the duplicate certificates, on these conditions:—The Soldier is entitled to his discharge, and should also present his discharge to the Paymaster to have the payment endorsed on it. The discharge is to be given back to the Soldier by the Paymaster; the latter only retaining as his voucher the duplicate certificate.

NOTE 2.—If the Soldier is entitled to pay for the use of his horse, the Company Commander will certify to that fact on the back of both these final statements, and also to the time he has pay due for having been so mounted on his own horse.

NOTE 3.—When a Soldier is furnished with final statements, his descriptive list, if he has one, should be taken up by the officer who gives the Soldier these statements, and endorsed with a statement to this effect by the officer. This endorsement should exhibit a full statement of the time for which the Soldier was allowed pay on his final statements, the clothing account, and all other charges against him or in his favor, such as transportation, a complete exhibit of his account. It will then be transmitted to the company commander of the 7th Regt, who will enter all the items necessary to a full understanding of the Soldier's account on the muster roll upon which the Soldier's discharge is reported. The descriptive list will then be destroyed. The object of this is, that the remaining portion of the Soldier's account may be settled upon the receipt of these muster rolls, and the Soldier receive any pay or allowances that may be due him at the time of his discharge, and which may not appear on his final statements from the fact that his descriptive list is incomplete. These accounts for back pay, &c., are sent by the 3d Auditor of the Treasury Department.

NOTE 4.—Charges for loss or injury to ordnance, horse equipments, and other miscellaneous charges, should appear under the heading of "Other Discharges."

NOTE 5.—Bounty paid by State authorities, and not by the United States, will not be entered on this statement.

NOTE 6.—Amounts due the Soldier and Landrum must be entered on the muster roll on which the discharge, death, desertion, &c., is reported, as well as on the final statement, otherwise the amount cannot be collected from the United States.

NOTE 7.—This blank will be used for drafted volunteers and drafted men, as well as for others.

NOTE 8.—Where a Soldier dies in Hospital or on detached service, his descriptive list, if he has one, should be sent with his final statements, or duplicate, to the Adjutant General, Washington, D. C.

I Certify that I have Carefully Examined Capt John Burnes of 7th Ky Cav and find him incapable of performing the duties of his office because of Dyspepsia; he had this disease some years since and it has returned since he has been in the service.

I further declare that in my opinion he will not recover from the disease while he remains in the army.

NOTE 1.

The company commander will here add a statement of all the facts known to him concerning the disease or wound, or cause of disability of the soldier; the time, place, manner, and all the circumstances under which the injury occurred, or disease originated or appeared; the duty, or service, or situation of the soldier at the time the injury was received or disease contracted, stating particularly whether the injury was received or the disease contracted in the line of his duty; and whatever other facts may aid a judgment as to the cause, immediate or remote, of the disability, and the circumstances attending it.

When the facts are not known to the company commander, the certificate of any officer, or affidavit of other person having such knowledge, will be appended—as the surgeon in charge of a hospital, the officer commanding a detachment of recruits, &c., &c.

NOTE 2.

When a probable case for pension, special care must be taken to state the degree of disability—as *h, j, &c.*, &c.; to describe particularly the disability, wound, or disease; the extent to which it deprives him of the use of any limb or faculty, or affects his health, strength, activity, constitution, or capacity to labor or earn his subsistence. The surgeon will add, from his knowledge of the facts and circumstances, and from the evidence in the case, his professional opinion of the cause or origin of the disability. In the case of discharges by Medical Inspectors, the last paragraph will state that the "discharge was given by consent of the soldier, after a personal examination, and for disability, the nature, degree, and origin of which are correctly described in the within certificate."

Par. 1260 Regulations, Edit. 1901.

Medical officers, in giving certificates of disability, are to take particular care in all cases that have not been under their charge; and especially in epilepsy, convulsions, chronic rheumatism, derangement of the urinary organs, ophthalmia, ulcers, or any obscure disease liable to be feigned or purposely produced; and in no case shall such certificate be given until after sufficient time and examination to detect any attempt at deception.

DIRECTIONS.

This certificate will be made out in duplicate by the soldier's company commander, or other officer commanding the separate detachment to which he belongs and sent by him to the surgeon who has charge of the hospital where the soldier is sick. The surgeon will then fill out and sign the surgeon's certificate, and forward these papers to the regimental, detachment, or post commander, who will forward them, with his action endorsed thereon, through the proper channel, to his division commander; or, if the troops are not attached to a division, to his corps, department, or other commander or officer to whom the authority to discharge enlisted men may be specially delegated.

These certificates, after having received the action of the highest authority to which they are required to be sent, will be returned through the same channel to the regimental, post, or detachment commander, who will, if the discharge is authorized by the endorsement of the proper authority, sign the soldier's discharge, and the last certificate on this paper, see that the soldier is furnished with the proper final statement in duplicate, and forward both of these certificates direct to the Adjutant General United States Army, at Washington, D. C.; they will not under any circumstances be given into the hands of the soldier.

NOTE 1.

The company commander will here add a statement of all the facts known to him concerning the disease or wound, or cause of disability of the soldier; the time, place, manner, and all the circumstances under which the injury occurred, or disease originated or appeared; the duty or service, or situation of the soldier at the time the injury was received or disease contracted, stating particularly whether the injury was received or the disease contracted in the line of his duty; and whatever other facts may aid a judgment as to the cause, immediate or remote, of the disability, and the circumstances attending it.

When the facts are not known to the company commander, the certificate of any officer, or affidavit of other person having such knowledge, will be appended—as the surgeon in charge of a hospital, the officer commanding a detachment of recruits, &c., &c.

NOTE 2.

When a probable case for pension, special care must be taken to state the degree of disability—as *l. s. &c.*, &c.; to describe particularly the disability, wound, or disease; the extent to which it deprives him of the use of any limb or faculty, or affects his health, strength, activity, constitution, or capacity to labor or earn his subsistence. The surgeon will add, from his knowledge of the facts and circumstances, and from the evidence in the case, his professional opinion of the cause or origin of the disability. In the case of discharges by Medical Inspectors, the last paragraph will state that the "discharge was given by consent of the soldier, after a personal examination, and for disability, the nature, degree, and origin of which are correctly described in the within certificate."

Par. 1360 Regulations, Edit. 1861.

Medical officers, in giving certificates of disability, are to take particular care in all cases that have not been under their charge; and especially in epilepsy, convulsions, chronic rheumatism, derangement of the urinary organs, ophthalmia, ulcers, or any obscure disease liable to be feigned or purposely produced; and in no case shall such certificate be given until after sufficient time and examination to detect any attempt at deception.

DISPOSITION.

This certificate will be made out in duplicate by the soldier's company commander, or other officer commanding the separate detachment to which he belongs and sent by him to the surgeon who has charge of the hospital where the soldier is sick. The surgeon will then fill out and sign the surgeon's certificate, and forward these papers to the regimental, detachment, or post commander, who will forward them, with his action endorsed thereon, through the proper channel, to his division commander, or, if the troops are not attached to a division, to his corps, department, or other commander or officer to whom the authority to discharge enlisted men may be specially delegated.

These certificates, after having received the action of the highest authority to which they are required to be sent, will be returned through the same channel to the regimental, post, or detachment commander, who will, if the discharge is authorized by the endorsement of the proper authority, sign the soldier's discharge, and the last certificate on this paper, and that the soldier is furnished with the proper final statements in duplicate, and forward BOTH of these certificates direct to the Adjutant General United States Army, at Washington, D. C.; they will not under any circumstances be given into the hands of the soldier.

The Adjutant General's Office,

WAR DEPARTMENT,

Washington, January 25, 1913.

It has this day January 25, 1913, been determined by this Department from the records that the above mentioned soldier was constructively mustered into the service of the United States July 9, 1862; that he was discharged the service October 10, 1862, owing to his age, and that the charge of desertion of December 1, 1862, on the records against him is erroneous.
